1935-Apr 2-1935-23.

Monday next, February 28th, will be the last day that personal property taxes can be paid without penalty, and to accommodate the public the County Treasurer's office will be open from 8 o'clock a. m. until 11 o'clock p. m. that day. The law adds a penalty of ten per cent to all personal taxes remaining unpaid at the opening of the office Tuesday morning. This is mandatory on the Treasurer and admits of no alternative.

L. H. WHIPPLE,  
County Treasurer.

# WAS NEAR THE GOAL

## VERY WARM SESSION

The Herald yesterday contained the result of the election of officers of the

"Notices of Mrs. Newport's candidacy were sent out to the chapters and we agreed to support her," said Mr. Torrence. "Now, in the face of this, it is right that the name of a woman who is not known in Minnesota and whose only claim for the position is, seems, that she lives in Washington."

### WATER FOR TYPHOID.

An eminent physician states that typhoid fever can be washed out of the system by water. He gives his patients what would amount to eight or ten ounces of sterilized water. In cases of cholera, where the system secretes a large amount of fluid, enormous quantities of hot water are of great benefit.

## TWO FINE SPEAKERS

Cleveland, Feb. 26.—At today's session of the student volunteer convention the Gray's armory was again crowded to overflowing, and the interest in the proceedings was unabated.

"Unlike some other movements in the religious world, it has not been a revolution against the church; it has not even enlarged its criticism of the methods of the church, but has been conducted from beginning to end in hearty and supernatural loyalty to the church, which it has recognized both at home and in its foreign missionary aspects as God's divine institution upon earth, whose upbuilding it should be sought."

Speaking especially of the responsibility of young people's societies in the

The subject of ex-Governor James A. Beaver of Pennsylvania was "The Responsibility Resting Upon Christian Laymen, in View of the Student Missionary Uprising." He said in part:

"What is the student movement, or the missionary uprising? As to its source, on the divine side it is the Holy Spirit, from whom all movements like this proceed, on the human side it is the Christian college. Have you thought of the latter—what it has been, what

After the representatives of the United Kingdom and the United States had recently concluded their pacific labors at Ghent, in making the treaty of peace which ended the war of 1812, the members of the quaint old Dutch city determined to give an entertainment in honor of the ministers, and to this the Government had determined, as a part of their program, to perform the national airs of the two powers.

The musical director was sent to call upon the American ministers and obtain the music of their national airs. A committee, composed of which Bayard Rustin and Gallatin favored "Hail Columbia" while Clay, Russell and Adams

[illegible]

It was not until late in life—until after he had ceased to be president—that he wrote a letter to the managers of a birthday ball in Alexandria, saying: "Alas! his and Mrs. Washington's 'dining days' were over. In the list of queries regarding the etiquette necessary to his presidential state, which he submitted to Mr. Madison on that day, he had indeed asked, 'In what lies the importance of the president of the United States rarely at tea parties would be considered,' but he had suggested nothing about excusing himself from taking a conrade for the collation or minuet."

# DULUTH ART TAILORING COMPANY.

306 West First Street, French & Bassett Block,  
Opp. Board of Trade.

### CITY BRIEFS.

Collum, dentist, Palladio, 'Phone No. 9, Smoke Endon cigar, W. A. Foote, Professor Gural, will organize the last adult beginner's class Monday, Feb. 28. Judge Gearhart will take his seat Tuesday morning at special judge. If one has arranged that Clerk-elect Perry is to take charge of the affairs of the clerk's office March 2.

In municipal court this morning John J. Mann and James Donaldson pleaded guilty of drunkenness and were fined \$10 and costs each. They were committed to the jail to await the next morning. Morris, charged with vagrancy, pleaded not guilty, and will be tried this afternoon.

A meeting will be held at room 10, Government building, tonight, for the purpose of organizing a naval reserve with headquarters at Duluth. The call is issued by S. S. Winters, W. H. Carey, Parker Paine, D. H. Mahoney and F. E. Thompson.

Mrs. Catherine McCollum, aged 60, of 272 West Helm street, died this morning of kidney trouble. The funeral will take place at 2 o'clock tomorrow afternoon at the residence. The remains will be placed in the vault at Forest Hill.

The special term of district court was very dull and very light this morning, but it dragged along until after the noon hour. In the case of R. A. Parker against Old Olson et al judgment was rendered as prayed. In the case of G. M. Orr against J. D. Stryker et al it was found that \$500 was due on a note and a mortgage foreclosure was ordered. The final account of the assignee of the Duluth Manufacturing company was allowed.

A son was born yesterday to Mr. and Mrs. J. B. Lichman of 322 West Fifth street. The youngster is of the stout and weight. Mother and child are doing well.

The male members of the "Jolly Hyena Club" gave a delightful stag party on Tuesday evening. An oyster supper was served, and all enjoyed a pleasant and social gathering. Those present were: Messrs. Peter Grignon, J. P. Ponsant, George Dion, A. Cloutier, N. O'Donnell, Charles Irvine, R. Cloutier, Charles Dejean, John Grady, Frank Dion, J. McDonald, Archibald Shearer and Arthur Greene.

Albini's Empire entertainers will be at Turner hall all next week commencing Monday night. This company has the unanimous endorsement of the press as being the best popular priced attraction on the road. They give an entertainment similar to those of Proctor's and Keith's in New York.

All teachers as well as pupils of the Duluth schools can get tickets for the Burton lectures at half price by applying to Mr. Brookhurst at the High School.

If you wish to know the reason why,

# DULUTH IMPERIAL FLOUR.

MORE and BETTER BREAD than  
any other Flour you can buy.

"QUALITY—  
First and Always."

## WORK ON THE PARKS

Nothing of Large Magnitude  
Is Contemplated For  
This Year.

### MOSTLY ALL REPAIRS

Lincoln and Lester Parks  
Will Be Put In First  
Class Shape.

There will be no work of great magnitude undertaken in the park system this year, says Secretary Helm of the board. The damage done to Lincoln park by the treshets last year will be repaired, and the board expects to have the funds for a little new work there also. A gang of four or five men has been at work all winter putting in retaining walls along Miller's creek, which flows through this park. The park will be put in shape for the summer earlier this year than heretofore. The board expects to be able to get an early date to replace the two bridges near the rustic pavilion at Lester park, which were carried away by the floods last summer.

The park board and the board of public works will meet Monday afternoon in conference to consider the bridge or putting in a retaining wall and fill Fifth street and Twenty-Sixth avenue west. The owners of property on the west side of the old bridge at this point desire that the latter course should be pursued, in order to prevent the washing down of their ground by the water and quicksand coming down from above, against which the bridge affords no protection, of course. The board of public works favors the latter plan also, and Mr. Helm said this morning that undoubtedly the park board would concur.

Secretary Helm has received his appointment to succeed himself as secretary of the board, approved by the judges of the district court. This is his third appointment to this position, two of them having come from mayors of political faith opposite to him.

### HAD LARGE LAKE INTERESTS.

Samuel F. Leopold, of the Chicago  
Passenger Line, Dead.

A dispatch to The Herald from Chicago announces the death at his home there today of Samuel F. Leopold. Leopold's name has been closely identified with the history of the Lake Superior region for the past half century. For forty years, or since its incorporation, Mr. Leopold has been president of the Lake Michigan and Lake Superior Transportation company, whose boats have plied regularly between Duluth and Chicago in good times and bad. The company has done a coasting business between all the south shore points and kept them in close commercial relations with each other. Mr. Leopold's firm, at different points on Lake Superior, and they are heavily interested in the Michigan copper mines. Mr. Leopold was 72 years old, and he has many friends and acquaintances in Duluth.

### SAYS HE WAS ROBBED.

Woodman Claims a Woman Touched  
Him For Ten.

A woodsman who did not give his name, reported at police headquarters this morning that he had been robbed last night of \$10 by a woman in the back room of the Zenith saloon, on Superior street, near Fifth avenue west. This story was contradicted by a companion, who said that the man who was robbed was found by him and a woman who was in the back room in an intoxicated condition asleep and that a woman had been in there with him a short time. The man said that he and the friend, having seen the man who claimed he had been robbed, they went to the Zenith saloon, where he found him. He did not remember the woman's name, but produced a memorandum book in which was the address "Columbia hotel, room 2." He said the woman had given him that address when he was talking with her. The handwriting amply substantiated the allegation that he was drunk when he wrote it.

An investigation of the case was to be made this afternoon.

### Bishop Vincent's Lecture.

Bishop Vincent will lecture at the First Methodist church Wednesday evening on "Tommy's His Teachers." No one on the lecture platform is better known than he. An army of personal friends has been raised for Bishop Vincent through his conception of the Chautauqua idea, which has so developed and matured as progress has been made in its application. In his own denomination, filling the highest office, his ambition can find no greater scope for usefulness than that already engaging his attention, but in the educational field so peculiarly the possession of the Chautauqua movement, the bishop finds ample exercise for his choice gifts and unexampled versatility.

In the lecture field he is universally admitted to be an artist of a type rarely met and perennially welcome.

### Paying the Dividend Today.

The checks for the fifth dividend of the Marine National bank, which were sent to the controller of the currency by Receiver Lucas for signature a short time ago, have been returned, and were being distributed today. The dividend is one of 10 per cent, and is the fifth which has been paid the depositors of this bank.

### Assignment Matters.

In the matter of the assignment of John Flood, Judge Moer made an order this morning fixing March 12 as the date for hearing the assignee's final account. In the matter of the assignment of Green, Harbick & Co. of West Duluth, Judge Moer approved the final account of Assignee E. G. Wallinder and ordered him to distribute the balance of the assets among the creditors after paying his attorneys \$250.05, himself \$224.40 and some minor bills. A dividend of 20 per cent has already been given to the creditors.

### BOOMING GEARHART.

Grand Army Men Expect to Land Him  
as Commander.

The Duluth delegation to the Grand Army convention at Minneapolis, March 2, 3 and 4, about twenty-five in number, will present a united and determined front for N. A. Gearhart for department commander. The committee has been hard at work for some time and is making a very aggressive campaign to overcome the time handicap they are under. The other candidates, C. W. McKay, of Pergus Falls, Minn., and E. W. Morley, of Minneapolis, have been in the field one year and six months, respectively. The former has in his favor, also, the custom that has obtained of promoting the senior vice commander to the post of commander, Duluth advances the strong argument for its candidate that the city has never had an officer of the Grand Army of the Republic, which was held by George La Vaquer several years ago, although it has a membership of between 300 and 400.

### EXPENSE FOR THE YEAR.

Cost of Operation of the Fire  
Department.

The expense of the fire department for the current fiscal year of that department, now drawing to a close, will, it is estimated, be about \$85,000. This does not include hydrant rentals and interest, which have always been included in the department's expenditures in preceding years, and which, for the year just closed, aggregated \$29,000. The expenses of the department for the eleven months ending Jan. 31 last were \$78,742.06; the actual expenses for the same period last year were \$75,420.91, the total expenditures for the period including hydrant rentals and interest being \$108,016.35.

It is estimated that the expense for the current year will be reduced to \$75,000 and \$80,000. The items of expenditure thus far this year are as follows: Salaries, \$48,822.82; fuel, \$33,914.14; light, \$886.14; food, \$2844.62; fuel, \$1824.44; laundry, etc., \$569.98.

### SAW MILL PLANT FOR SALE.

We offer for sale the saw mill plant of the B. B. Richards Lumber Company, located at New Duluth, St. Louis County, Minnesota. It consists of modern double band saw mill, planing mill, shingle mill, lathe mill, circular saw attachment, twenty-seven (27) acres of land, docks, trains, wagons, carts, and the usual mill and yard equipment.

The mill and equipment will be sold separate from the real estate on application to the Duluth Trust Co., Assignee.

### HARDWARE CHANGES.

Stores to Be Moved and New One  
to Be Established.

There is a genuine moving epidemic prevalent among the hardware merchants of Duluth. The Kelly Hardware company will soon occupy the old Glass Block store at 118 and 120 West Superior street, the Northern Hardware company has leased the store at 223 and 224 West Superior street, and H. S. Eaton will occupy the rooms to be vacated by the Northern Hardware company in the Mesaba block, 409 and 411 West Superior street with a new stock of hardware. Eaton has been in business since the fire in his store at 422 West Superior street. These changes will give Duluth three of the largest and best retail hardware stores in the country.

**MONEY ON HAND TO LOAN AT

Room 3, Lonsdale Building. Ground Floor.

### CONTINUED ONE WEEK.

Water Company Stockholders' Case  
Adjourned Today.

The case of Sylvester M. Cary against A. W. O. C. and C. F. Hartman and E. J. Gay, involving the partition of certain money that is supposed to be in the hands of the latter for payment to the majority stockholders of the Duluth Gas and Water company to the exclusion of the minority stockholders, was on for a special term of district court this morning, but it was continued.

When the special term calendar was called T. J. Davis said that he had received a request from Flaudrau, Squires & Co. that the case be continued one week, the attorneys for the parties having made an agreement to that effect. The matter will therefore come up at next Saturday's special term. In the meantime the court's order restraining Mr. Gay from paying any money to his co-defendants is to remain in force.

### Suit to Quiet Title.

Alice M. Turner this morning began suit against Thomas L. Blood, the estate of Laura S. Blood and others, to quiet title to lots 2 and 4, block 10, Portland division. The plaintiff claims to be the fee owner of the lots and the defendants claim some interest in them. The court is asked to determine the ownership of the property and to settle the matter by a judgment in accordance with the findings. Oscar Mitchell is the attorney.

Charles Espondif this morning began suit against Walter Van Brunt to recover \$887.75, the balance alleged to be unpaid on a note of \$900.00, Stringer & Seymour, of St. Paul, are the attorneys.

### A Party of Michigan Miners.

A party of six from Kitchi, Mich., passed through Duluth today on the way to Alaska gold fields. They were outfitted for a long stay in a country independent of all sources of supplies and as they are experienced miners they are not directing their course for any of the boom towns that are springing up, but will strike out for themselves. They have a large number of tools and equipment, and the Yukon whose waters flow over beds of gold.

### Will Build a Tug.

F. W. Bonness, a Minneapolis lumberman, who is carrying on extensive logging operations in the vicinity of Lake Winnetka, is in Duluth today, a guest at the Hotel Duluth. He has a plan to build a large tug on the lake to be used in towing logs, there being no boat there now that is big enough for the purpose.

Styles in hats are peculiar. If they're not right you don't want them. Do not miss the Gordon Hat, out March 1.

### DEFENDANTS ARE WILLING.

The Liedels Will Let Their Mother  
Examine the Book.

In the case of Emilie Liedel, as administratrix of the estate of E. A. Liedel, the answer of the defendants was filed this morning. It was alleged in the complaint that the defendants had sold the business and would not permit the plaintiff to examine the books. In the answer it is claimed that the defendants put in more money than their estate all that it has coming. They deny that they have refused to permit the plaintiff to examine the books and that she has examined them several times. They did refuse to permit the plaintiff's attorney to examine them because they believed that he had no right to do so. The case was continued one week until the promise by the defendants that the plaintiff should be allowed to examine the books, and the order restraining the defendants from disposing of any of the property of the firm discharged.

### WILL SELL THE ROAD

Assignee Sharvy to Offer the  
Minnesota Point Street  
Railway.

If anyone desires to purchase a street railway with all its equipments and appurtenances, he should inquire of Paul Sharvy, assignee for the Minnesota Point Street Railway company. He is going to sell that institution March 11 to the highest bidder, pursuant to an order from the district court. The matter came before Judge Moer this morning in special term on the assignee's application for an order permitting him to make the sale of the assets of the company in gross. Judge Moer made the order, and it requires the sale to take place at 10 o'clock on the morning of March 11 at the car barn, on the corner of Pine street and Minnesota avenue. The sale must be for cash, and it will come before the court for confirmation Saturday, March 12.

### WANT NILS NILSON.

Some Scandinavians Working For  
Him For the Board.

The Scandinavian citizens are working up a boom for Nils Nilson to succeed John Flood as member of the board of public works. They feel that the present board has not given them a fair show and they want a change. It is said that Mr. Nilson stands very close to the mayor, but that he might "go bump" in the council should he be nominated. City Clerk Richardson's friends have been doing some effective work, and if they succeed, Mr. Richardson is not to be figured with in speculation about the clerkship that person is mistaken.

Alderman Crassweller's boom for presidency of the council is now so strong and thrifty that it has set out. He will be Mr. Cochran's principal opponent.

There is not much doubt, apparently, on the part of those on the inside that Engineer McGilvray will succeed himself, and there is the same feeling regarding Health Officer Murray.

### ARE NOW CUTTING ICE.

Companies Began Putting It In For  
Domestic Use Today.

Those who have been worrying over the prospect that the lake was not going to freeze early this year, and fearing that their drinks would have to go without ice this summer must have been relieved this morning when the ice companies began work at the East End in the lake. Ice for domestic purposes, about which there need be little precaution as to its purity, has been cutting for several days just off Minnesota Point, for the lake was not until this morning that the companies began to cut ice from the lake for household consumption. The ice is thick and of good quality, though it does not extend very far out from the shore. It is a relief to many of a breeze to break away large floes from the outer edge.

owing to the action of the wind on the lake it is always later before the lake gets frozen over solid, but it always freezes sooner or later, though nearly every winter is not so early as this. It is said that there are many who express the fear that have been commonly expressed of late.

### CONSIDERING THE FINDINGS.

Attorneys and Judge Ensign Ponder-  
ing Over Them.

J. L. Washburn, representing the railroad, and J. B. Richards, representing the city, spent this morning and a part of the afternoon with Judge Ensign considering the proposed findings in the Garfield avenue mandamus case. The findings prepared by City Attorney Richards after Judge Ensign had decided in favor of the city were not approved by the court, so it was agreed that the attorneys agree on a set that will be satisfactory all around. This is what they were taken upon this morning, and the findings prepared by the city attorney were made up paragraph by paragraph and discussed. The main law of the decision, that the roads will have to build the viaduct, is of course not under consideration, but minor details of the case.

### Garnishment Will Not Hold.

A point that often comes up was decided by Judge Moer this morning and it will be of interest to city and other public employees. Chris Evans secured a judgment against C. M. Thomas, who was employed by the engineer's department of the city on the supplemental water plant, and in trying to enforce payment he attempted to attach the defendant's pay from the city. He applied to the court to have a receiver appointed to collect the pay for his benefit. City employees are exempt from having their pay attached, but the plaintiff claimed that Thomas was not a regular employee as he was on a special service. Judge Moer held that this was a distinction without a difference, and refused to grant the application for a receiver.

### A Choice Gloxinia

Given with every 50-cent purchase. Lindsay's greenhouses, Fifty-second avenue east.

### A BEAUTIFUL BOOKLET.

Pennsylvania Road Issues an Unusually Handsome One.

The Herald is in receipt of a copy of The New Pennsylvania Limited booklet, which is a handsome example of the modern printer's art as used in railway advertising matter. The cream, gold and green of the cover represents the exterior colorings of the train, the renaissance style of decoration being identical with that on each car. The interior of the little book gives a faithful reproduction of the interior of the Pennsylvania limited, by the photographic process, this being the first time it has been employed in this way in railroad literature. From an artistic point of view the specialists in the advertising field have produced nothing superior to this work. As all of the illustrations are exact reproductions of photographs, both exterior and interior views, one may get an accurate idea from them and the excellent accompanying descriptive matter of what passengers on the Pennsylvania Limited may see and experience. Those who wish copies of this beautiful booklet will receive them by sending their names with a 2-cent stamp to H. R. Dering, assistant general passenger agent, No. 345 South Clark street, Chicago.

## TO THE PUBLIC!

The A. J. Anderson Wood and Coal and Fuel Co. have been declared united by Carpenters' Union for employing non-union carpenters upon its work. Friends of organized labor please take notice. (Seal) J. A. CLAREY, President. Attest: E. F. HELLER, Secretary.

Endorsed by Federated Trades Assembly of Duluth.

W. E. McEWEN, President. J. W. ALLEN, Secretary.

## Best Reports Come From the Central West and the Northwest.

Rev. I. G. Aschmish will preach at 10:30 a. m. Evangelical Lutheran church, Ninth avenue east and South street, Minneapolis, November 23rd, Sunday at 9 a. m. and English Sunday school at 12 m.

At the First Church of Christ, Scientist, services will be held in the hall of the fifth floor of the Masonic Temple at 11 a. m. tomorrow. Subject, "The Wee of Rejecting the Joy of Receiving."

"Make a Life, Not a Living" will be the subject for discussion at the men's meeting in the Y. M. C. A. Assembly hall tomorrow afternoon at 4 o'clock by Rev. T. H. Cleland, D.D.

At the First Baptist church, 1025 East Second street, Sunday, Nov. 23, R. Patrick, will preach at 10:30 a. m. and 7:30 p. m.

At the Procterknott Methodist church, Rev. George P. Watson, pastor, will preach at 10:30 a. m. and 7:30 p. m. Sunday school at 9 a. m. The pastor will preach in the morning and in the evening. Services at Bay View Heights, in the school house, there will be preaching at 3:15 o'clock and Sunday school at 2:50 p. m.

At the time of the nomination of Bishop Dudley of Kentucky to be secretary of the Episcopal conference and of the Episcopal board of foreign missions, so succeeded the late Dr. Langford, there were several candidates for the office. The name of the late aside when a bishop's name was mentioned. The bishop of Kentucky, however, was not declined the office because so many of his brother bishops desired him not to undertake the work, and because of the demands of his own episcopacy, it is said that these nominations will now be brought forward at the meeting of the managers next week. The nomination can only be made at the March meeting, and the election may be made at the May meeting. Contrary to the usual custom, contributions have not much fallen off on account of the uncertainty in the election of the bishop. It is expressed that the Len-

members departing for the Klondike. Not a few ministers there are seeking pulpits in the East, for the fear is that the experience of the California gold excitement, when almost every male Oregon left the state in search of gold, has made the East more than status, so the Rev. Gilman Parker, of the Oregon Baptist convention writes, are trying to get to the Yukon ahead of the rush from the East and Europe. Those who are not going to mine for gold are going with patents of one sort or another. The minister who named writes to the Baptist Home Mission society that the people of both Oregon and California are using the new word "Klondickets" has been coined. Churches that have heretofore been asked to contribute to the funds are now applying for help to support themselves, so great has already been the exodus of the members. And the exodus has just begun.

There was a hitch in the plans of the Baptist benevolent societies to hold their anniversaries this May in St. Roch, but the cause of the hitch was made. It is now settled that these gatherings will be held in Rochester, N. Y. The societies of the city and the sixteen churches of that city and vicinity. These anniversaries are to be of rather a different character from those of the two leading societies, whose debts have recently been cancelled, are finding it difficult to keep their accounts, and may, at the close of their fiscal year, in May, again report deficits. The most important thing to note at Rochester will be the vigorous throwing of the denomination in the matter of system in giving. A commission to further this movement, appointed by the

ten appeal for \$100,000 will exceed that of any previous year. This appeal is from the American school children of the Episcopal church, and the fund to be raised this Lent is to be a national fund, to be used not to be spent in missionary effort, but to be invested to make the support of the schools a permanent provision of the contribution to mission funds.

**COLORADO IS READY.**

**Every Militiaman Willing to Enlist in Regulars.**

Denver, Feb. 26.—"Every officer and every enlisted man of the Colorado National Guards will immediately enlist in the regular army," says President McKinley asks for their services in case of war with Spain," said Attorney General McKim, and the president and his statement was greeted with enthusiastic cheers by the officers of the guard from all parts of the state who had assembled at the call of the brigadier general of the state. The meeting was held at the Colorado hotel, and the Colorado guard would be expected to do in case of war. During the meeting the officers were expected to understand that they must be prepared for emergency call at any time.

**MONEY ORDERS FOR CHINA.**

Washington, Feb. 26.—China has at last been supplied with a money order system and the regulations have been reported to the United States treasury. The United States Minister Denby at Peking

**HE KEPT HIS SEAT.**

[illegible]

The South seems to have shared in the improvement to a notable extent. Collections owing to the holding back of cotton by the work Klondike accurately pictured the situation in the South. In Toronto, the eyes appear to be fixed on the outfitting trade and the transportation of mail and supplies.

Exports of wheat—including flour—from this country and Canada, during the first 10 months of 1936 in Toronto, were 3,722,468 bushels, against 3,932,744 bushels last week, 3,572,216 bushels a year ago, and 3,722,468 bushels in 1935. Exports of flour, 1,067,575 bushels a year ago, against 1,067,575 bushels last week, 1,155,313 in 1935, and 1,155,313 in 1936.

A very large number of number of bushels of grain are indicated by reports to Bradstreet's this week, the total number having risen over the corresponding week of last year, 271 in 1936; 234 in 1935 and 234 in 1936.

Domestic failures in the Dominion of Canada, this week number 46, against 38 last week, 50 in this week a year ago, 51 in 1935 and 51 in 1936.

**WHAT FUNDS SAY.**

New York, Feb. 26.—R. G. Dun & Co.'s weekly review of trade says today:

Foreign possibilities have many multitudes of possibilities in some large business operations, possibly accounting in part for a checkered record of success and failure in the industrial production continues larger than ever. A few works more are added

of hands on strike, and renewed evidence that the volume of business is dropping. The outlook is not very optimistic year. Nor is there any symptom of a senseless craze based on rising prices. The demand presses closer to the capacity of works, and though there is no flight in advance in any of the principal commodities, a matter of complaint, new business for this dull season is unprecedented.

There is a moderate progress upward until 1.03½ was reached on Monday, but declined 3/4 later, as if there were a general feeling that the cotton vessels from taking what across the water. Any yielding based on foreign conditions, however, would be a mistake. The price has advanced about 10 cents since Chicago speculators last took their profit. It is not probable that there will be the opportunity for reaction was inviting. There is no abating of foreign demand.

It is not the season for much improvement in textile manufacture, but the cotton branch has maintained its position. The woolen manufacture makes many cancellations, especially in goods sold early in the season. The wool market is not better at this season, though new business in the higher grades of worsted is somewhat more irregularly encouraging.

Sales of wools are slow, with weakness in the lower grades. There is a gradual decline from the highest point, indicating that the mills have at present no need to buy more than the regular foreign wool in order to take supplies of other qualities. In goods of medium quality, the lower grades the demand continues large.

The iron manufacture has more demand for products and slight improvement in prices. The demand has advanced to \$10.40 at Pittsburgh, with gray iron unchanged there, local coke strong and iron ore steady. The market is weak, and Eastern anthracite largely unchanged, though quotations are higher. The market for pig iron in districts are reported, especially in car and bridge building, ship and structural work, is heavy. Minor metals change but little, tin weakening a shade to 14 cents, and copper 10.

Failures for the week have been 233 in the United States, against 286 last year, and 30 in Canada, against 100 last year.

## Of Duluth's Neighbors

### TOWER TOPICS.

Tower, Feb. 26.—(Special to The Herald.)—James Trebilcock and W. H. Johnston, of Ishpeming, Mich., visited the Minnesota Iron company's mines Wednesday, the guest of General Manager Ed Hall.

John J. Stone went to Duluth Wednesday morning for a few days on business. Mrs. Fred J. Bowman, wife of the editor of the Duluth Journal, arrived in the city on Wednesday on route south to visit friends.

William Deary came up from West Superior Wednesday evening and proceeded to the logging camp of Kohl & Deary, at Willow river, for a few days on business.

Capt. H. B. Sturtevant, of Ely, was in the city Wednesday transacting business.

Miss Nellie Nolan, of Ely, who has been visiting for the past week with her aunt, Mrs. W. T. Voss, departed Wednesday for a visit with friends at Duluth.

W. T. James, of Ely, spent Tuesday in the city on business.

W. L. Bradley, Indian farmer at the North Lake reservation, is in the city transacting business.

Miss John Owens and daughter Alta returned to their homes in Duluth Saturday.

D. C. Taylor came down from Mine Center, Ont., Saturday, leaving on Monday's southbound train.

Mrs. S. D. Nicholas departed Wednesday for Duluth, Ind., where she will spend several weeks visiting her daughter.

J. W. Bodilly came up from Two Harbors Saturday and spent Sunday visiting with relatives at Soudan.

John Egan came down from the Vermilion dam Sunday for a few days' business in the city.

James Williams, of Sparta, arrived in the city Saturday evening, being called to the bedside of John Messenger, who died that night.

Charles McNamara has received word from his son, H. H., that he has sold the gold mining property of which he owns more than a half interest to a New York party for the sum of \$20,000.

Marks Bros. Musical Dramatic company closed a very successful week's engagement here on Wednesday night, the house being full on all occasions, being the best troupe that ever showed in the city.

Born, Thursday, to Mr. and Mrs. A. J. Johnson, a daughter.

Mrs. C. McNamara departed Tuesday for Milwaukee, where she will enter the hospital and undergo a treatment for her eyes.

Professor McLeod of the public schools here delivered an address last Sunday night at the Presbyterian church, entitled "A Noble Life," to a very large audience.

W. J. Merrill, who is interested in the Randolph property at Mine Center, arrived in the city Tuesday on his way to Duluth.

Mrs. Richard Eddy, of Eveleth, and Mrs. Thomas Govett, of Duluth, arrived in the city to attend the funeral of their grandfather, returning to their homes Wednesday morning.

Mayor J. D. Murphy made a business trip to Duluth Monday for a few days. Peter Schaefer, editor of the Ely Miner, was in the city Monday transacting business.

C. C. Pickard returned from Ely Tuesday morning.

John Watson came down from the Seine River country Tuesday on his way to his home at Mine Center, where he will spend several days on business, returning Thursday evening.

A. S. Kito left yesterday for a few days' business in Duluth.

Dr. Deitz, dentist at Newwood, Mich., is practicing at the Vermilion for a few days.

The local lodge of the Modern Woodmen of America will hold an oyster supper among their members next Monday evening at the state hotel here.

James Messenger died of heart failure last Saturday night at 10 o'clock, at his residence on North Third street, age 72 years. He leaves a widow and three daughters to mourn his loss.

### ELY EVENTS.

Ely, Minn., Feb. 26.—(Special to The Herald.)—One of the most enjoyable affairs of the season was the ball given by the local lodge of Rebekahs at the Fall hall Tuesday evening. It is safe to say that sixty couples danced until early morning to the inspiring strains of Carlisle's orchestra. At 12 o'clock a lunch was served which was excellent and to which all done justice. The prompting was done by W. R. Gould, worthy in his usual efficient manner.

Clyde Bender came up from McKinley Tuesday evening to attend the Rebekah dance.

Dr. W. B. Goldworthy, of Two Harbors, is expected home this evening for a short visit with friends and relatives. Mrs. M. Gleason departed Wednesday for a visit to Marinette, Mich.

James Carey returned Thursday evening from a brief visit to Wisconsin.

H. B. Sturtevant returned Thursday from a business trip to Duluth.

E. W. Lund returned Thursday from a visit to Tower.

### TWO HARBORS.

At the council meeting Monday evening Chief Jury of the fire department, says the Iron Trade Journal reported the following as the selections he had made for members of the fire department: E. H. Douglas, P. G. Pastor, M. F. Hannon, Jay Bryan, Emil Selgman, F. R. Mitchell, Dennis Dwan, Malcolm McLeod and James McDonald. The appointments were confirmed by the council.

Mrs. F. W. Walker received a telegram Tuesday from her husband in which he says that his uncle is improving and that he will be at home next Tuesday.

D. Hayes, who recently purchased the lot in the rear of the Catholic church, will erect a residence thereon in the near future. Its cost will be about \$250 or \$300.

Miss Schneider, who has been visiting her sister, Mrs. Moulton, departed Tuesday for St. Paul, for a visit of several months' duration. She was accompanied as far as Duluth by Mrs. Moulton.

Alfred Engstrom, formerly manager of the Scandinavian company's store, has returned from Minneapolis with his family to remain here. Emil Anderson, who has been occupying his home, has moved into Axel Carlson's house. Mr. Engstrom will go into business.

Ed Howard departed Monday evening for a visit at his home in Ishpeming, Mich. He will also visit Milwaukee and will be absent about a week.

J. H. Nordby is enjoying the visit of an old friend from Duluth, John Nelson, who leaves for Norway on Sunday.

Mr. and Mrs. Thomas Owens departed Wednesday to visit their farm at Watertown, S. D.

John Yerka, of West Superior, visited here the first of the week with his sister, Miss Yerka.

L. N. Yerka is receiving a visit from his brother Charles, a conductor on the Great Northern.

### EVELETH.

The young people of Eveleth and the Fayal joined hands Monday night in a grand ball, which was gotten up as the last of the season before Lent, says the Star. There were some two dozen couples who participated.

On Monday evening the home of Dr. C. W. and Mrs. Moore was the scene of an evening's pleasures. It was the occasion of the presence of a slighted load of Virginia friends. Among those present were: Col. J. R. and Mrs. James, Miss Kathleen, Nelson Brown, E. C. Bailey, Dr. J. G. Gibson, Miss Florence St. Clair and J. H. Harding.

Miss John Gowan, of the Auburn, has been confined to her bed the past week with sickness. She is improving somewhat and it is hoped will be convalescent in a few days.

The home of Capt. and Mrs. Trezouck was taken up last night on Monday, when a couple of sleighs of young and married people drove to their Franklin house to spend the night.

Miss Olive Newcomb, a teacher in the Franklin school, will lecture at the city hall Friday evening, March 4. His subject will be "The Mistakes of the Devil, the Preacher and Some Other People."

James Kettle and wife, of Soudan, were the guests of Capt. Richards of the Fayal the past few days.

Mrs. Thomas Sullivan and her sister-in-law, Miss May Sullivan, went to Proctor this week to visit at the home of Mrs. Sullivan.

Richard Cudlip, of Soudan, timberman of the Minnesota Iron company, came to Eveleth Tuesday to accept a position at the Fayal mine.

### SPIRIT LAKE AND VICINITY.

The funeral of the late Mrs. Michael Ralph took place from her late home at Ironport on Thursday morning at 9 o'clock. Services were conducted at the St. James' church at West Duluth by Father Macken.

The pulpit-bearers were friends from West Duluth and Ironport. Interment was made in the Calvary cemetery.

Nicholas Hettiger circulated among acquaintances in Duluth Wednesday. Patrick F. Nacey, Jr., has gone on an extended visit to friends in St. Paul and St. Joseph, Mo.

Miss Gladys Iverson is just recovering from a severe attack of tonsillitis. Mrs. Aaron Lindstrom and son, Carl, called on friends in Duluth Tuesday.

Matt Amundson returned from Wheeling, W. Va., on account of ill-health. Mr. and Mrs. A. F. Jonstrom attended the meeting of the grocers' union at the mine on Thursday evening.

C. F. Fitzpatrick, of Duluth, called on friends here on Washington's birthday.

Mr. and Miss Conway, of Minneapolis, attended the funeral of their sister, the late Mrs. Michael Ralph, of Ironport.

Mrs. W. C. Edwards called on friends in the city Tuesday.

The children of Albert Overton are just recovering from severe attacks of typhoid.

On last Friday evening a large party of young folks of West Duluth enjoyed a sleighride to the place and the early hours of the morning. Messrs. Murphy and Wells, of West Duluth, furnished the music.

J. G. Brink and H. C. Dash attended the Washington birthday celebration at the West Duluth place. Red Men's Nellie Sullivan and William Harbour attended the Knights of Pythias dance at West Duluth, Tuesday evening.

Louis Lennort left for the northern part of the state where he will be employed in the future.

The Hickory Literary society held an interesting meeting at the state hotel here. Mr. and Mrs. W. H. Sweet on Wednesday evening. A spirited debate, recitations and songs composed the evening's program.

The scholars of the Smithville school enjoyed a sleighride to New Duluth Friday evening in the large sleighs owned by Albert Overton and E. D. Payne. They were accompanied by teachers, Misses Judith Stewart and Bessie Tusch, and enjoyed themselves very much. Such trips were of weekly occurrence.

### GRAND RAPIDS.

Grand Rapids, Minn., Feb. 26.—(Special to The Herald.)—It is not certain that B. C. Finnegan will accept the county commission position recently bestowed upon him. He is an employee of the government, in charge of the reservoir dam at Pokegama Falls, and he awaits the consent of his superior officers before accepting the duties of the commission.

In the boxing match Thursday night between Ed Beaudette and Mike Murphy, O'Connell's gymnasium here had somewhat the best of it during the four rounds and then it was declared a draw between the two fighters.

Mr. and Mrs. W. H. Sweet on Wednesday evening. A spirited debate, recitations and songs composed the evening's program.

## FOR TOILET USE

There may be more expensive soaps but none better than Wool Soap. For the bath it is pleasant, soothing and de-fightful to the skin.

There's only one soap that won't shrink woollens. You must choose between no soap and Wool Soap.

The piano recital and dance given by Miss Lynn last Monday evening was thoroughly enjoyed by a large number of people.

Mr. and Mrs. G. Davis, Mr. and Mrs. M. Jollymore, and Mr. and Mrs. George Thompson attended the dance given at the home of Mrs. G. Davis.

Mrs. G. Davis spent Thursday with friends at West Duluth.

William Emsley lost a part of his finger by the accidental discharge of his gun.

The clothing store run by Joseph R. Newcomb, at Genoa, avenue, has been closed and the stock removed to Eveleth, business here not being profitable enough.

## DOINGS OF CONGRESS

### Senate Busy Itself Principally With the Corbett Case—House Measures.

Washington, Feb. 28.—Former Vice President Stevenson was a visitor on the senate floor at the opening of the session today. A bill extending the time for the construction of a bridge across the Missouri river at Yankton, S. D., was passed.

Mr. Hoar, chairman of the judiciary committee, moved that the senate non-committal in the house argument in opposition to the granting of a commission of conference be appointed. Mr. Corbett's case was then resumed, Mr. Bacon addressing the senate in opposition to Mr. Corbett's claims. He said he felt that the senate was not controlled by partisan motives, because for the first time in its history it was not controlled by the party in power. He said he felt that the senate was not controlled by the party in power.

Mr. Burrows followed, with an extended and elaborate argument in opposition to the granting of Mr. Corbett's commission. He said he felt that the senate was not controlled by the party in power.

The vote on seating Mr. Corbett as senator from Oregon was taken on the amendment declaring him entitled to the seat. It was defeated 59 to 19.

**IN THE HOUSE.**  
Washington, Feb. 28.—The sundry civil appropriation bill, the consideration of which was resumed in the house today. Begins in regular order of business today, which, by consent, was postponed until next Monday. Before the house went into committee of the whole, Mr. Hull, chairman of the military affairs committee, asked unanimous consent for the consideration of a joint resolution providing for the investigation of the case of Capt. Carter. The resolution was referred to the military affairs committee.

Mr. Cox called attention to the fact that this whole subject was being investigated by the court-martial now sitting in the case of Capt. Carter. The reputation of civilians was involved, as well as that of an officer of an engineer corps, and until the court-martial returned its findings, he saw no necessity for a congressional investigation. He therefore objected, and the resolution was referred to the military affairs committee.

When the sundry civil bill was taken up, pending amendment, appropriating \$1000 for building a road from Natchez to the National cemetery was adopted.

An amendment requiring the clerks of federal courts in Arizona, New Mexico and Oklahoma to report their fees and emoluments annually, was also adopted.

The sundry civil appropriation bill, after a final political debate as to railroad influence in the last national election, was placed in committee of the whole, and on Mr. Cannon's motion reported to the house. Votes on the two

propositions were demanded in the house. On the amendment of striking out the fund for "informers" of violations of internal revenue laws, and an amendment adopted today giving the employees of the house an extra month's pay. The internal revenue fund was restored to the sundry civil bill, 102 to 67.

**REQUEST BY THE MILLERS.**  
Want the Rebate on Jute Sacks Continued.

Washington, Feb. 28.—(Special to The Herald.)—The temporary regulations recently adopted in regard to the payment of rebate on imported jute sacks in which flour is afterward exported have proved very satisfactory, and today Representative Fletcher, on behalf of the Minnesota millers, requested Assistant Secretary of the Treasury Howell to make them permanent. Mr. Howell will decide this matter tomorrow and doubtless will grant the request of the millers.

**TO CHANGE THE DECISION.**  
Argument by the Representatives of the State.

Washington, Feb. 28.—(Special to The Herald.)—An argument will be made before Assistant Attorney General Cavanaugh of the interior department on the claim of the state of Minnesota for school lands in the 12d Lake reservation. Attorney General Cavanaugh and T. E. Hyman, of Minnesota, are in Washington today, and State Auditor Dunn is also expected here to take part in the argument.

An adverse decision was written up some time ago, but was not signed. The state's representatives will endeavor to have this action reversed and a formal decision rendered in favor of the state.

**RIVER AND HARBOR BILL.**  
Mr. Fletcher Thinks One Will Be Passed.

Washington, Feb. 28.—(Special to The Herald.)—Representative Fletcher said this morning that he was confident a small river and harbor bill carrying a total appropriation of about \$10,000,000 would pass at this session. He intends to take care of the reservoir system at the head of the Mississippi if any bill does pass.

**PENSION FOR COL. GEGGIE.**  
Washington, Feb. 28.—(Special to The Herald.)—An original pension of \$12 per month has been granted to James B. Geggie, of Duluth.

**BOMB FOR KING GEORGE.**  
Athens, Feb. 28.—The police, it now appears, also found a dynamite bomb at the scene of the recent attempted assassination of the king.

## TAKING EVIDENCE OF SURVIVORS

The Board of Inquiry Into the Maine Disaster Is Now In Session at Key West.

## SPECULATION IS GENERAL

There Is Much Curiosity Expressed In Regard to What the Board Has Found Out.

Key West, Fla., Feb. 28.—The United States court of inquiry into the loss of the battleship Maine, in the harbor of Havana, on Feb. 15, began its session this morning. Those officers and civilians here who believed the reports from Havana, saying that the loss of the Maine was due to treachery, have apparently changed their minds, for today the universal question is, "What has the court found out?" While yesterday one heard all around, "When will war be declared?" brought back to face with the court, men realize for the first time how unlikely it will be for the court to allow any linking of its conclusions to be known out of its session.

An unusual bustle pervaded this little town this morning. The torpedo boat Cushing went over to the New York and brought to shore Capt. Sampson and Commander Porter, Lieut. Commander Marix, the judge advocate, who is staying on the island with Commander Porter, and already at the federal building directing the preparation of the sessions of the court of inquiry. A small crowd gathered outside eagerly watching for developments.

Long before the officers were ready to go to the court room, the enlisted men saved from the ill-fated vessel were in and waiting at their temporary home in the army barracks. It was not known whether any of these would be called, but all preparations were made so that the court should not be delayed in its work.

The court opened shortly after 10 o'clock. Lieut. Blain was the first witness called. Testimony will be taken according to its relative importance and not according to the rank of the witness.

**LEARNED AT WASHINGTON.**  
No Information as to Movement of the Inquiry Court.

Washington, Feb. 28.—Nobody at the navy department from the secretary down has any information whatever as to whether or not the Maine court of inquiry will return to Havana from Key West, and in fact the navy department is absolutely unknown here. For this reason, it is said at the department, the court will probably be held at Key West, and will report its conclusion to the secretary of the navy. It is very doubtful in the minds of the officers here whether the members of the court will be permitted to pass an opinion on this point at this time, as it is believed that the work so far done, aside from that relating to the recovery of dead bodies and personal property has been scarcely more than preliminary. In this view of the case it may be perceived how difficult it would be for any member of the court to render the date upon which it would report. Judge Advocate General Loomis filed a message this morning from Mr. Merritt & Chapman Weeking, the company with powerful apparatus is expected from the North at any moment. Senator Frecker has made an elaborate program for today. He will probably make some visits and do some sight-seeing, which he seems to enjoy greatly.

There were showers of rain later in the day, but the weather cleared somewhat with the evening. The weather, however, promises to clear, and hopes are entertained that the bodies of a number of the dead will be recovered. Chaplain Chadwick hopes to recognize many of the bodies when he receives descriptions taken from the enlistment papers which are on file at Washington. The tug Underwriter with the company with powerful apparatus is expected from the North at any moment. Senator Frecker has made an elaborate program for today. He will probably make some visits and do some sight-seeing, which he seems to enjoy greatly.

**MAGAZINE IS INTACT.**  
Evidence Supports Belief of Submarine Mine Explosion.

New York, Feb. 28.—A dispatch to the Tribune from Havana says: The arrival of the Spanish cruiser Vizcaya is awaited with extreme interest. It is possible that the arrival of the warship will be made the occasion for a demonstration of intransigence and volunteers. The government cannot well forbid a demonstration of Spanish loyalty. The occasion will afford an excellent opportunity to measure the feeling of the Spanish classes. The authorities are disgusted over the prospect of riotous proceedings before the Spanish's arrival.

The naval board shifts its inquiry to Key West temporarily. While it is holding sessions here the work of the divers will go forward and something may be done toward raising the wreckage of the Maine. Members of the board discourage having too much stress on what the divers are doing or drawing positive conclusions from their labors. Nevertheless they have found the forward magazine intact and have been bringing up powder which was not likely to have remained powder if the explosion had been an internal one. Much of the evidence leads to support the belief of an explosion produced by a submarine mine. The inquiries of the board are directed along a line to bring out the bearing of the point. The proof is neither final nor positive, but it is strong enough to make the theory of an accident a growing improbability. Until the hull and plates can be examined no conclusive opinion can be formed. That may be determined by the time the board returns to Havana. Capt. Sampson and his associates are aware of the importance with which the result of the inquiry is awaited in the United States, but their labors are too momentous in consequence to be hurried.

## CONTINGENT NAVAL FUND. Representative Bromwell Advocates a Purchasing Appropriation.

Washington, Feb. 28.—Representative Bromwell today introduced in the house the following resolution: "That the secretary of the navy be and he is hereby authorized, whenever in his judgment it shall be expedient for the best interests of the country to do so, to secure options upon and consummate the purchase of such battleships, cruisers, tugs, torpedo boats and other forms of naval vessels as are of the most modern type and ready for immediate use, together with the necessary armament and equipment of the same which are in the judgment necessary to place the naval strength of the country upon equal footing with any power; and that if consummating such purchase there is hereby appropriated the sum of \$2,000,000 to be expended by the secretary of the navy in the purchase of such vessels as he may deem it expedient to purchase."

Mr. Bromwell said he introduced the resolution to call the attention of the naval committee to the necessity for providing such a contingent fund in the naval appropriation bill. If the committee does not include such a provision in the bill when it is reported he will offer it as an amendment in the house.

## THE MONITOR TERROR.

Arrives In New York Harbor From Hampton Roads.

New York, Feb. 28.—The United States monitor Terror passed in at quarantine at 12:30 this morning. The vessel left Hampton Roads Saturday afternoon where she had been lying for a week, fully prepared to put to sea. Her commander, Nichol Ludlow, received instructions from Secretary Long to remain in New York harbor until further orders, which is taken to mean that the monitor will be on duty with the fleet settlement of the Maine question. It is thought that the secretary delayed sending the monitor to the coast waters during the stay of the Spanish cruiser Vizcaya through courtesy to the Spaniards.

The formidable vessel, which will probably be at the main-of-war anchorage off Throggs Neck, is 229 feet long, 55 feet 5 inches beam, 14 feet 3 inches draft. Her displacement is 3,200 tons, speed 12 knots, main battery four 10-inch rifles in pairs, secondary battery six rapid-fire guns and two machine guns. Thickness of protective deck 5 inches; thickness of turret armor 11½ inches.

## SPAIN'S NAVAL MOVES.

All Available Ships Are Being Placed In Readiness.

New York, Feb. 28.—A dispatch to the world from Madrid says: The report that a Spanish squadron had sailed for the United States has its foundation in these facts. Spain is hurriedly getting her navy into fighting trim, and to this end the Spanish fleet is being concentrated in the Mediterranean. The world's correspondent learns officially from the Spanish navy department that the Spanish fleet has sailed from Spain within the last few days.

The only cruiser now on the way to Havana is the Almirante Oquendo, a sister ship to the Vizcaya. A flotilla composed of three torpedo destroyers, three torpedo boats and the steamship City of Cadiz, under command of Capt. Villamil, will leave Cadiz for Havana this week, has been called already. The only Spanish vessels which could follow immediately are the cruiser Infanta Maria Theresa, Alfonso XII, three more torpedo destroyers and three torpedo boats. All the other warships, including the battleships Polaris and Empress Carlos, and the armored cruiser Cristobal Colon, are undergoing repairs. It will take some time yet to complete the repairs, but they are being actively prepared for service.

Gen. Weyler arrived at Havana on Sunday and left immediately for his country seat in the mountains. He expects to return to the city on Tuesday and reach Madrid on Wednesday.

## SOME FRENCH OPINIONS.

Paris, Feb. 28.—The Temps says of the Maine disaster: "Not only do the facts which have leaked out so far point to a submarine mine as the cause of the disaster, but there is also this argument in support of this belief: due to design, that the federal government would have undoubtedly spoken out at once if the supposed cause of accident had been confirmed. If such is the case, President McKinley will have great difficulty in preventing a conflict." The Temps thinks that war is on the point of breaking out between Spain and the United States, but advises the latter to think twice before entering such a conflict. "Spain's army and navy," it says, "is composed of seasoned and tried men, whereas this quality is absent in the forces at the disposal of the United States. The American fleet is organized only for defensive war, as for the American army, it is still to be brought into existence." The Echo today expresses the hope "that a European statesman will be found to intervene with the view of maintaining peace between the United States and Spain." The paper says it regards the dissolution of the Spanish cortes as an encouraging symptom.

## ROAST FROM MADRID.

Vicious Slur Cast on Our Navy by a Newspaper.

London, Feb. 28.—The Carlist organ El Correo de Madrid, in its issue of Feb. 28, just received here by mail, says: "There is no doubt whatever that the loss of the Maine was due to lack of discipline," and cites the case of a United States cruiser which was lately at Venice, deserting her crew as being "rather pirates than sailors of a civilized nation." Continuing, El Correo says: "Drunkards, insubordinates, thieves and fighters, the sailors of the United States never set foot ashore without creating riots. Nearly several

## INDIAN AFFAIRS

Twenty-Eighth Annual Report of Board of Indian Commissioners Submitted.

### PROGRESS IS MADE

Education Is Making Great Strides Among the Red Wards of Government.

Washington, Feb. 28.—The twenty-eighth annual report of the board of Indian commissioners, of which Meritt B. Gates is chairman, has been submitted to Secretary Bliss. It says that in the general conditions no important changes have occurred, but there is evidence of steady progress in industrial pursuits and in education. The only collision during the year was between the life hunting party in Colorado and the civil officers, who attempted their arrest. The critical situation of the Indians of Aquila reservation in Southern California has, the report says, given them and their friends much anxiety. Persistent efforts have been made for several years to elect them from their homes, which they have owned for centuries, and their rights have been brought before the court, but the case was decided against them. An appeal to a higher court was taken. The Navajo Indians have also been subjected to much annoyance by attempts to drive them off their grazing lands by an oppressive system of taxation. The board views with satisfaction the "dual standard of education" in support of civil service reform, and the application of the order prohibiting removals without cause to the Indian service. Belief is expressed that the placing of the Indian agents themselves under the civil service would be a great boon to the service.

The board thinks the agreements of the Dawes commission with the Chocoma and Chickasaw in the Indian territory have been a serious defect. They make no provision for some thousands of Chickasaw Indians, whose rights are citizens of the government and who protect. If this defect can be remedied prompt ratification of the treaties by congress is urged.

Mention is made of the enlarged and improved facilities for Indian education during the past year. Figures are given showing that the enrollment in the 28 schools of all grades, including contract and mission schools, for 1927 was 23,564, as against an enrollment of 23,552 for 1926. The statistics presented are regarded as highly significant and full of hope for the Indian race. It means, the board says, that in a few years a generation of Indians will be raised up very different from any that have lived before—a generation educated to speak, read and write the language of the people among whom they dwell, of whom they are a part, and who have been trained to habits of industry and in many mechanical arts. The average attendance of pupils at Indian schools has increased from 30,000 in 1927 to 31,000 in 1928. The number of civilized tribes and of the New York Indians are not included in these figures.

Considerable progress in the allotments of lands to the Indians has been made during the past year. Allotments in all have been made since the practice was begun, so that some one-third of the land in the Indian territory and in New York are now in possession of their own lands and have the opportunity of establishing individual homes and of gaining support by their own labor. The board expresses strongly of the opinion that the allotment system is a good one, that as a result of Indian lands there is a growing growth in their productive industry which warrants the hope that the time is not very far when the issue of rations and other supplies to the Indians may be brought to an end.

Unfortunately the report says that much of the land allotted to the Indians in the arid regions is unfit for productive cultivation without an extensive system of irrigation, and the board commends the commissioner of Indian affairs in recommending an appropriation to aid in works of this character. Considerable progress has been made in irrigation work during the year. The case of the Pima and Papago Indians of Arizona, whose water supply for irrigation purposes was cut off seven years ago by the extension of the Florence canal. The board commends liberal provision for farmers and field matrons, and for a supervisor of irrigation and construction of constructed ditches.

### WM. M. SINGERY DEAD.

#### Well Known Philadelphian Expires Smoking a Cigar.

Philadelphia, Feb. 28.—William M. Singery died suddenly at his residence, 1701 Locust street, yesterday afternoon. Heart disease was the immediate cause of death. Mr. Singery had been suffering for about ten days from a cold and had remained at home since last Wednesday, although his indisposition was in no way serious. While sitting in his bed room smoking a cigar he was seized with a violent fit of coughing and immediately afterward fell over dead. In the room at the time were Mr. Singery's granddaughter, Mabel Singery Merdith and two servants. His son-in-law, James S. McCartney, had left a few moments before the sudden end came, leaving Mr. Singery apparently in good health, apart from his slight cold. The physicians say they had frequently cautioned Mr. Singery that his heart was weak as a result of excessive smoking and of late his custom was to take a "dry smoke." Today, however, his cigar was lighted and it is thought that the smoke brought on the coughing spell the severity of which ruptured a vessel of the heart.

Mr. Singery leaves a daughter, Mrs. E. Singery Bunch, who is at present touring Europe. William M. Singery was proprietor of the Record Publishing company, president of the Chestnut Street National bank and the Chestnut Street Savings Fund and Trust company, which recently collapsed; and president of the Singery Pulp and Paper company. He was a member of the Fairmount Park commission and until lately the

## A HAT PIN TRAGEDY

Bartholomew Brandner, a New Orleans Man, Mysteriously Murdered.

### BRAIN IS PUNCTURED

Lived a Week After Receiving His Injuries—Was Not Robbed.

Chicago, Feb. 28.—It is almost a certainty that Bartholomew Brandner, the Parisian drummer who died at the Palmer house Saturday afternoon, was murdered with a woman's hat-pin. The autopsy showed not only penetration of the brain, but a small puncture which began near the corner of the left eye and extended far into the interior of the skull.

Detectives detailed on the case believe that after he was stabbed he was struck on the head with a bottle. On Sunday night, Feb. 20, Brandner entered the hotel bleeding profusely and fell to the floor. He was unconscious for two days and although he lived a week, did not become entirely rational. He told the house physician, that he had entered a saloon on State street, had taken a drink and remembered nothing more. The fact that he was surrounded by a strange man and a woman, and that he was in a saloon, was a puzzle to the police.

There was little indication of alcohol in the stomach. The parents of Brandner arrived in the city and made arrangements to take the body to New Orleans for interment. The coroner turned over to the father two trunks, a check for \$300, a gold watch, a bunch of keys, two memorandum books and \$185, which were in the possession of the young man when he died.

### NAVAL ASSIGNMENTS.

#### New Placing of Ships on Both Ocean Coasts.

New York, Feb. 28.—It has been decided by the naval department to keep in the Pacific coast the full force of naval war vessels now there, says the Washington correspondent of the Herald. Department officials recognize the fact that the strength of the North Atlantic squadron would be greatly increased by attaching the battleship Oregon to Rear Admiral Sigsbee's command, but they appreciate the danger of leaving the Pacific coast with a reduced force.

There are now stationed on the Pacific coast the Oregon, the coast vessels USS Albatross, USS Thetis, and the training ship Adams. The Oregon, which is at Puget sound, will be ordered to leave that place and proceed to San Francisco harbor, and her place in northern waters will be probably filled by the battleship USS Maryland.

### ARGENTINE'S WAR CLOUD.

#### Getting Ready for a Possible Brush With Chili.

New York, Feb. 28.—A dispatch to the Herald from Buenos Ayres, Argentina, says: In view of the warlike preparations being made by Chili, the Argentine government has decided to purchase three warships and arms for \$500,000. The people of Argentina are not without military capability. Many public officials have offered to give part of their salaries for buying arms.

It is not generally believed that war is imminent, but the people consider it prudent to prepare for an emergency in case Chili should refuse to fulfill her promises made in the boundary treaties. Pressed by public opinion President Uriburu has declared that there is no cause for alarm and that the relations between Argentina and Chili are cordial as ever. He adds, however, that the nation must be prepared to avoid any surprise.

### NO WIRES FOR THEM.

#### A Foolish Telegraph Story Officially Punctured.

Chicago, Feb. 28.—Reports that forty of the wireless telegraph operators in the employ of the Western Union Telegraph company at Chicago were to start for Florida within the coming week, practically under government sealed orders, and that the fifty men had already left New York city for Jacksonville and Key West, were denied today by William J. Lloyd, assistant manager of the Western Union Telegraph company.

This story is all nonsense," said Mr. Lloyd. "Some of our Eastern officials told me incidentally yesterday that seven men had recently been sent from New York city to Key West on account of the heavy increase in business at that point resulting from the construction of the Maine. From this story probably originated. No men have been sent from here, and such a move is not contemplated. We could not use that number of men there anyway. There are no wires for them to man."

### PACIFIC PORTFOLIO.

But Townsend, Wash., Feb. 28.—The work of fortifying the three conspicuous points contiguous to Port Townsend, which has been going on in the last few months, is now being pushed forward under special orders. The United States army has doubled forces at Point Marrow, stone and Aminty are being worked night and day to finish up, and already preparations are being made for placing the heavy guns which are due to arrive any day.

### WASHINGTON'S MILITIA.

Tacoma, Wash., Feb. 28.—Governor Rogers has ordered that the twelve companies composing the National Guard of Washington shall be immediately recruited to their full strength. Governor Rogers is giving personal attention to the Tacoma and Seattle companies with the object of bringing the state militia up to the highest point of efficiency.

Do you remember how pleased you were with your last Gordon Hat? New ones out March 1.

### WOULD FIGHT THE DONS.

#### Judge Willis of St. Paul Offers His Services.

St. Paul, Feb. 28.—Judge John W. Willis, of the Ramsey county district court has filed formal application with Governor Coughlin volunteering his services for the cause of temperance. He is prominently mentioned as the nominee of the state for the position of chief justice of the state, and it was the chief topic of conversation Saturday afternoon at the corridors of the state capitol.

Governor Coughlin wrote Judge Willis in reply, as he has to several similar communications, that he was not prepared to attempt to renew the conversation on the topic of war.

### KING GEORGE'S ASSAILANTS.

#### One of the Would-Be Murderers Is Captured.

Athens, Feb. 28.—One of the men who attempted the life of King George on Saturday has been arrested. His name is Karidiza, and he is a minor employee of the Greek royal family. He refused to give the name of his accomplice. The municipal council throughout the kingdom has been informed of the attempt on the king's life, and the royal family are said to be greatly touched at the expression of loyalty.

### IN THE DAKOTAS.

#### NORTH DAKOTA.

A question of recent insurance has just been settled at Mandan—one that was a puzzle to the local lawyers. An insurance company issued a policy on one Andrew Johnson, a carpenter, who was killed by a falling beam. The policy was for \$10,000, and the company refused to pay, claiming that the death was not accidental.

There is an appalling scarcity of food in many portions of the state, and the price of food is rising. The situation is particularly serious in the northern part of the state, where the crops have failed.

### INSANE MOTHER'S DEED.

#### Commits Suicide With Her Babe By Drowning.

Benton Harbor, Mich., Feb. 28.—Mrs. George Davidson, aged 28 years, left her home at St. Joseph last midnight, clad in a nightgown, with her two weeks' old babe in her arms. The woman was found floating in the river at daybreak. The body of the babe was recovered at nightfall. The woman's body was recovered at daybreak. The woman's body was recovered at daybreak.

### GOVERNOR RUDD'S PLANS.

San Francisco, Feb. 28.—The Chronicle says: Governor Rudd has informed his friends that in view of the retirement of Senator White he will be a candidate for the United States senate in the next legislative session.

### AVAILABLE FOR ARMS.

Chicago, Feb. 28.—A special to the Times-Herald from Washington says: According to a report passed on by the president there are now available for military duty in the United States 10,000 able-bodied men, and of these 12,000 are already in the militia.

### TURKISH BREAD RIOTS.

Constantinople, Feb. 28.—Serious bread riots have taken place at Gallipoli, where a mob has attempted to burn the government offices. The police made thirty-six arrests.

### BILLIARD PARKER DEAD.

Chicago, Feb. 28.—Frank J. Parker, the old-time billiard player, and at one time billiard champion of the United States, died at his home here today of paralysis.

### WILL INVESTIGATE 'MIREX.'

Chicago, Feb. 28.—William S. Darnley, of Chicago, inventor of "mirex," one of the most powerful explosives known to naval warfare, has been invited to Washington to demonstrate the powers of the product to Secretary Long and his associates.

### IDAHO'S MINERAL OUTPUT.

Boise, Idaho, Feb. 28.—The statement prepared by the United States geological office shows that the production of gold in Idaho during 1927 was \$2,125,332; silver, \$1,000,000; lead, \$4,000,000. Total, \$7,125,332. This is an increase over 1926 of \$1,978,040.

### "Oh, I have passed a miserable night."

You should have used Paine's Extract in your bath before retiring.

When the children are hungry, what do you give them? Food.

When thirsty? Water.

Now use the same good common sense, and what would you give them when they are too thin? The best fat-forming food, of course. Somehow you think of Scott's Emulsion of bone.

For a quarter of a century it has been making thin children, plump; weak children, strong; sick children, healthy.

See and know all about it. SCOTT & BOWNE, Chemists, New York.

### CALLER DOWN HANNA.

#### President Says He Does Not Reflect Public Opinion.

Washington, Feb. 28.—President McKinley had a head-on collision with public sentiment, and he bows to the will of the people. A Republican member of the Iowa delegation in the house called at the White House Saturday and talked to the president, whom he told that the proposition to demand an indemnity from Spain in case the Maine is found not to have been blown up by accident, would not "go" with the Iowa delegation, and that the whole house, in fact, was against it. For the Iowa delegation he spoke officially.

He also said that indemnity interviews, such as Mark Hanna was giving out, were being freely quoted as reflecting the views of the president, and he desired to inform Mr. McKinley that if it should be proved that the Maine was blown up by accident, his proposition to settle on a money basis would be rejected by the house, and he could assure the president that the Iowa members would be against the indemnity bill.

The president replied with a strong intimation that he realized how much the people were against the indemnity bill, and that he would not reflect the views of the administration.

The president's reply was a strong intimation that he realized how much the people were against the indemnity bill, and that he would not reflect the views of the administration.

### CONDENSED DISPATCHES.
